

Andre Chris Danao Abad

Full Stack Developer | Software Engineer

Placentia, CA | 714-401-8662 | andreabad17@gmail.com | [GitHub](#) | [LinkedIn](#)

TECHNICAL SKILLS

Frontend: React.js,, Redux, JavaScript, HTML, CSS

Backend: Node.js, Express, SQL, Python, Flask, SQLAlchemy, Sequelize,

Expertise: Algorithms, Debugging, Deployment, Git, Test Driven Development, Paired Programming,

PROJECTS

Payme, Full Stack Developer - React | Flask

[Live](#) | [GitHub Repo](#)

PayMe is a clone of Venmo (An App where users can exchange and view transactions between others)

- Refactored venmo's social functionaby implementing new features such as a budget creator, groups, and finance tracker further promoting it's usage as a social platform
- Capitalized well structured API endpoints in cohesion with Redux , optimizing performance of the application by 15%
- Leveraged conditional rendering in React to promote privacy for a user's transactions

JumpStarter, Full Stack Developer - React | Flask

[Live](#) | [GitHub Repo](#)

JumpStarter is a Kickstarter Clone where user's can create projects that they want to get funded

- Incorporated AWS S3 buckets allowing for a more enjoyable user experience
- Collaborated with a team of developers, participating in agile development practices, code reviews, and version control using Git, ensuring efficient project coordination and timely delivery.
- Implemented a search and category feature to allow users to quickly navigate and browse through different projects

Vacor, Full Stack Developer - React | Express

[Live](#) | [GitHub Repo](#)

Vacor is an Airbnb clone which showcase's homes that users can stay at

- Structured RESTful API endpoints using Express to optimize data manipulation, retrieval, and management processes, and ensure seamless integration with the frontend
- Developed a functional Airbnb clone using React and Express, showcasing expertise in full-stack web development.

EXPERIENCE

Registered Behavior Technician

April 2022- July 2022

ABA Therapy Partners

- Identified trends and patterns of a client's behavior and adjusted their behavior plan accordingly to assure client is on track, resulting in fewer disruptions during therapy sessions.
- Built strong relationships with clients and their parents to enhance and improve ABA therapy, as well as increase client retention rates by 10%.

Research Assistant

January 2022 - July 2022

UCI T.H.R.I.V.E. Lab

- Transcribed 100% of all transcripts from qualitative research data, ensuring accuracy and detail
- Streamlined a form to assure that quality qualitative research data reducing manual effort by 40% for research assistants when submitting their results and increasing efficiency and organization for the head-researcher
